Brendan Choi

Postgrad University student

Independent and self-motivated student with a genuine passion for IT

EDUCATION

Bachelor of Computer Science (Honours)

University of Auckland

03/2022 - Present

Undergrad GPA 8.375/9 Postgrad
GPA 8.22/9

Highlights

- **Undergraduate Studies:** Gained strong foundations in programming (Java, C#, Python), object-oriented design, and web development. Built early expertise in AI and machine learning while leading team-based projects and applying project management principles.
- **Postgraduate Research:** Conducting advanced research on developing a medical chatbot for automated triage classification aimed at addressing doctor shortages in New Zealand. Focus areas include artificial intelligence, machine learning, and large-scale data operations.
